Working Yourself Out of a Job

By Michael Strautman and Gary Gunn

For most business owners, this is a dream, not a reality. The idea that one day you will have a business...not a job. It is important that you realize what your strengths are and what your weaknesses are. It sounds wrong, but the truth is, we should "Hire our weaknesses." That is -- hire people or organizations to help us with our weaknesses. The following is a message from one of the companies we feel can help shop owners the most in working themselves out of a job.

Dear Automotive Service Leaders Member:

Whether you have one, five, or fifty employees, payroll and payroll tax reporting are not simple business matters.

Let **PAYCHEX be you're "Payroll Department"**

Paychex is the industry leader in providing payroll services for hundreds of thousands of businesses nationwide for over 30 years. Paychex will assume full responsibility for the accuracy and timeliness of your payroll tax deposits and returns. In addition to services such as W-2 processing and Tax and Reporting Services, Paychex also provides New Hire Reporting, Direct Deposit, and Garnishment Payment Service. The Paychex Human Resources Division can also help you provide a complete employee benefit package including 401(k) recordkeeping and Section 125 plans.

Automotive Service Leaders members
will receive **15% off** payroll processing charges
and selected human resource services setup fees!
